**Subject:** 2013 HLS Surveys

Hey Mark,

I shared my cursory notes on the 2013 HLS surveys at  
<https://www.decaturvote.com/story/dennis-schools-structural-issues/2013-hls-surveys/>

The surveys themselves can be downloaded from the District's Dennis page at  
<https://engage.dps61.org/dennisfuture> or they're linked in my article. (I'm sure the District has already sent them to you though).

I also wrote an article you might learn from, with more detail about the HLS process. See [How is DPS61 Building Safety Ensured?](#) This includes details of an interview with Superintendent Jill Reedy, talking about the annual HLS surveys.

I've also FOIA'd for communications related to the 2013 surveys and repair documents related to issues found in the 2013 surveys.
